SOFTWARE DEVELOPMENT EXPERIENCE

Team Lead — Spokesman Communication Ministries, Nigeria Jun 2020 – Aug 2021

- Worked directly with the President to run IT operations for the ministry.
- Led a team of 6 for livestreaming and photography across a year of church media, recruiting and training team members.
- Built the ministry website (Filament admin panel, Laravel APIs, Next.js frontend) and the annual International Leadership Conference website.
- Migrated the ministry's asthma and chest care website from WordPress to a custom Laravel CMS with zero data loss.

PRODUCTS & INDEPENDENT PROJECTS

Qset — Founder, solo · Sep 2025 – Present · Laravel, React, MySQL, Redis · qset.amowogbaje.com

- Exam-generation platform for teachers: searchable question bank, exam-set builder, and Word (docx) export; also designed as a marketplace for exam-question resources.
- Integrated AI-assisted question generation with Laravel's AI package; upgraded the app from Laravel 11 to 13 and containerized it with Docker.
